This whole arguing thing with the SAMB isn't good, but the issue has to be addressed.
Before we can come to a solution, we need to decide what we want.
Scrolling through the threads on the SAMB, I saw that all different Forumers and demanding all different things.
We need to decide, together, what we want and what we're okay with sharing.
So... *Taps pen*

I don't mind them having GVE threads, I just don't enjoy being accused of stealing someone else's idea.

I thought that was solved.

Who are we to wonder where we're going?

Who am I to tell me who I am?

Let's take it back, and take in every moment

Who am I, to tell me who I am?

What is GvE?

I spent a short time on Spirit Animals and it is a very different place.

Honestly, I don't think most of us care about their having flipsides. We just don't want them to steal GvE. The thing is, they have a kind of forum-wide roleplay, but it's completely unorganized and is GvE minus the official sides part. So it's pretty much a trimmed-down version of GvE. If they made it official, structured, and unique, I don't think any of us would mind.

GvE is good vs evil. It's a big RP where everyone roleplays Good against Evil, in a nutshell.

I think we should share GvE. They could have their own version, and we could have ours. Honestly, it doesn't hurt the WoFMB at all. We could just ask that they give credit, and then leave it alone. I honestly don't see why everyone is getting upset.
